08/06/01 I87-11-033 Commission investigation into alternative regulatory frameworks for local telecommunications exchange carriers

Summary: On August 2, 2001, Hallie Yacknin, Assistant General Counsel of the Office of Ratepayer Advocates (ORA), had a telephone conversation with Robert Wullenjohn, advisor to Cmmr. Brown. Lee-Whei Tan, ORA Regulatory Analyst, also participated in the discussion. ORA stated that Pacific Bell (PacBell) has not responded to discovery initiated by ORA. ORA stated that PacBell objected on several grounds foremost of which being that ORA does not have discovery rights in the absence of an open proceeding related to the audit.

08/06/01 I01-04-002 Order Instituting Investigation whether Pacific Gas and Electric Company, Southern California Edison Company, San Diego Gas & Electric Company, and their respective holding companies, PG&E Corporation, Edison International, and Sempra Energy, respondents, have violated relevant statutes

and Commission decisions, and whether changes should be made to rules, orders, and conditions pertaining to respondents' holding company systems

Summary: AUGMENTATION REQUIRED. On August 1, 2001, Matthew Freedman, attorney for The Utility Reform Network (TURN), met with Cmmr. Brown. Also present were Belinda Gatti, advisor to Cmmr. Brown, and Michel Florio and Marcel Hawiger, attorneys for TURN. Freedman urged the Commission not to support the alternate decision of Cmmr. Duque (alternate). Freedman argued that the alternate is flawed because it endorses a view of the relationship between the Commission and the parent companies that is unsupported by statute or judicial precedent. Freedman and Florio also noted the inappropriate and misleading use of the *Henderson* decision. Freedman further suggested that the alternate could make it very difficult for the Commission to exercise its authority under Section 1708. Finally, Freedman asked the Commission to support a decision that will find that the Commission has sufficient jurisdiction to enforce the original conditions against the utility parent companies.

08/06/01 I00-11-001 Investigation into implementation of Assembly Bill 970 regarding the identification of electric transmission and distribution constraints, actions to resolve those constraints, and related matters affecting the reliability of electric supply.

Summary: On August 1, 2001, Evelyn Kahl, counsel to the Energy Producers and Users Coalition (EPUC), wrote a letter (attached to the notice) to Cmmr. Lynch. Christine Jun, counsel to EPUC, also authored the letter. The nature of the letter was to explain and urge the Commission to consider the need to shield industrial customers, and refineries and their 'vital ancillary facilities' in particular, from potentially dangerous and unintended effects of the proposed Conservation Voltage Reduction programs of Southern California Edison Company and Pacific Gas and Electric Company.

08/06/01 A00-06-032 Southern California Gas Company, for authority to implement a rate for peaking service as ordered by D.00-04-060

Summary: LATE FILED. On July 30, 2001, Michel Florio, attorney with The Utility Reform Network (TURN), participated in an all-party meeting with Cmmr. Lynch in San Francisco. Also present were Trina Horner, advisor to Cmmr. Lynch, Julie Halligan, advisor to Cmmr. Bilas, Laura Krannawitter, advisor to Cmmr. Duque, Mark Pocta of

the Office of Ratepayer Advocates, Jim McTarnaghan on behalf of Kern River Gas Transmission Company and Questar Southern Trails Pipeline, Claudine Swartz, Jeff Hartman and Alison Smith of Southern California Gas Company (SoCalGas), Tom Beach on behalf of Watson Cogeneration Company, and Avis Clark and Lindsey How-Downing on behalf of Calpine Corporation. Referring to Cmmr. Lynch alternate decision, Florio recommended adopting a higher cost-based peaking tariff. Florio stated that it was appropriate for the Commission to encourage any necessary intrastate pipeline expansions by LDCs. Florio stated that SoCalGas' interruptible service was essentially firm and an interruptible peaking tariff was inappropriate. Florio suggested adopting a multiple facility rule so that inefficient plants are not dispatched simply due to their connection to the LDC. Hawiger stated that EG demand may decrease in the future. Hawiger also stated that there was no evidence to support the assumption that any incremental expansion of interstate pipeline capacity will lower commodity prices.

08/06/01	A01-06-020	Pacific Gas and Electric Company, for Approval of Open Season Procedures for Awarding Firm Capacity on its Transmission Facilities
----------	------------	--

Summary: On August 1, 2001, Michel Florio, attorney for The Utility Reform Network (TURN), met with Cmmr. Brown in San Francisco. Also present were Belinda Gatti, advisor to Cmmr. Brown, and Marcel Hawiger and Matthew Freedman, attorneys with TURN. Florio stated that the Commission should first resolve the question of the post-Gas Accord structure before Pacific Gas and Electric Company conducts the open season. Florio stated that the open season would allow marketers to gain control over intrastate capacity for a term of 15 years. Florio stated that the unbundled structure adopted in the Gas Accord was part of a settlement that resolved many contentious issues. Hawiger stated that the Commission should consult with the Department of Water Resources regarding their potential pipeline capacity needs to supply gas under power contracts with tolling agreements.

Summary: AUGMENTATION REQUIRED. On August 6, 2001, Patrick Berdge, staff counsel for the Rail Safety and Carriers Division, e-mailed a letter to Lester Wong, advisor to Cmmr. Bilas. The letter stated that the Metro Blue Line Construction Authority had not yet signed any of the proposed agreement to construct "Four-Quadrant Gates" at several of the Blue Line's crossings. The letter further stated that de-consolidation of these proceedings would therefore be premature.
